## Final Assignment Instructions

1. Create these pages in Shopify:

- about
- book-a-session
- faq
- contact

2. Create this collection:

- memberships

3. Create these products:

- day-pass
- monthly-recharge-membership
- premium-founder-membership
- content-recovery-membership

4. Assign templates:

- Home page → `index.json`
- About page → `page.about`
- FAQ page → `page.faq`
- Contact page → `page.contact`
- Book a Session page → `page.book-a-session`
- Memberships collection → `collection.memberships`
- All four membership products → `product.membership`

5. Optional booking embed:

- Open the **Book a Session** page in the theme editor
- Paste your Calendly or other booking embed code into the `booking_embed_html` section setting
- Or simply set the `booking_url` and use the button-based booking flow

6. Recommended polish:

- Add premium interior and founder-lifestyle images
- Add real member testimonials
- Add product pricing and descriptions in Shopify Admin
- Update policy pages and navigation menus

This pack is designed to work inside an existing Shopify OS 2.0 theme while giving CoLab FXBG a premium, founder-focused brand presentation.
